Aashish **Kant**

✉ ashishkant7972@gmail.com | ▢ +91 9153481047 | ⚲ INDIA | ⚲ Aashishkant.netlify.app

Education

Kalinga University   *Raipur, India*
BS IN COMPUTER SCIENCE   *2021 – 2025*
GPA: 7.8

Work Experience

Upwork, Fiver,People for hour   *Remote*
SOFTWARE ENGINEER   *2022 – Present*
- Built custom, user-centric web applications for diverse clients using React, Next.js, and Node.js.
- Automated workflows and optimized application performance using Flask and Django.
- Designed and deployed scalable solutions, incorporating REST APIs and ensuring responsive designs.
- Developed dynamic dashboards and data visualization tools with Power BI and Excel to provide actionable insights.

Yashams IT solutions   *Naya raipur, India*
PYTHON DEVELOPER   *Jun 2023 – Dec 2023*
- Implemented web scraping and automation using Python and Selenium.
- Developed and maintained scalable web applications with React and Flask.
- Automated workflows using Laravel and Python, improving operational efficiency.
- Collaborated with cross-functional teams to deliver high-quality solutions.

SlashPlus   *Kathmandu, Nepal*
WEB DEVELOPER   *May 2020 – July 2020*
- Troubleshot and resolved critical technical issues related to compatibility and functionality.
- Designed and developed responsive websites, focusing on user-centric designs.
- Provided technical support for software installations, hardware setup, and network configuration.

Skills

Web development: Flask, Django, React native, AWS
Databases: MySQL, PostgreSQL, MongoDB
Tools and language: Git, Docker, Linux administration, Python, Javascript
AI/ML: Neural network, Transformers, Tensor flow, Pytorch

Projects

Dream 11   *Hidden Markov model, Bayesian*
                                                                                                     Classifier, RESTful, Flask

BUILT A FANTASY SPORTS PLATFORM USING THEORETICAL PROBABILITY TO SELECT THE BEST 11-PLAYER TEAM BASED
ON FANTASY POINTS.   *https://github.com/aashishkant/Dream11-*
                                                                                                                            AI

Ghalibgram   *Sentiment Analysis, NLP-Based Text*
                                                                                          Generation, Transformers (RNN),
                                                                                                         Word Embeddings

DEVELOPED A VILLAGE MANAGEMENT SYSTEM THAT AUTO-GENERATES STRUCTURED REPORTS IN A POETIC YET
FORMAL STYLE INSPIRED BY MIRZA GHALIB.   *https://github.com/aashishkant/GhalibGram*

Certificates

2022	**CS50X**,	*Harvard Intellectual*
2022	**Google Data analytics**,	*Coursera*
